

WE ARE OPEN

We understand that a reliable supply of product is important to our customers who are supporting their local communities, particularly with emergency repairs and maintenance to keep households and businesses operating. We will keep looking at ways in which we can continue to best service these needs in the changing environment.

We are continuing to follow government advice and our stores remain open to serve you unless otherwise advised – you can check your local stores trading hours [here](#).

Providing a safe environment for our customers and the communities that we operate in will always be our number one priority. We have been taking extra steps to keep our customers and team safe, in line with direction from the government, so our stores might look a little different as we take some additional precautions, including implementing social distancing measures in store.

Our team are doing their best to help all customers get the products they need so please show respect for them and your fellow customers during this difficult time. We really appreciate your patience.

We would also ask that if you are feeling unwell please take care of yourself and those around you.

If you would like to know more about the steps we are taking to protect our customers and team, or if you have an inquiry about an order, you can contact us at organisations@bunnings.com.au

Regards

Bunnings Trade Team
