

FREE ONLINE LEARNING VIDEOS FOR ALL CUB CUSTOMERS

WHAT IS CUB ONLINE LEARNING?

CUB has partnered with Typsy to create video lessons that can be watched online individually or as part of a CUB learning program. Staff members will be able to complete badges and learn key product knowledge that is essential for delivering fresh beer to your guests every time.

A CUB badge is a collection of lessons and a quiz that gives learners clear learning outcomes. On successful completion, your staff will gain a badge to showcase their newfound skills and knowledge.

THE BENEFITS OF CUB ONLINE LEARNING

With Typsy Hosted Training, your staff can now access all of CUB online training directly from their desktop or mobile device, anytime and anywhere.

- Free access for you and your staff to Supplier training videos
- Access for you and your staff to the Typsy training library
- On-demand learning through the Typsy desktop platform and mobile app allowing staff to learn when it suits them and not limited by your calendar
- Assign training to one or all your staff quickly and easily
- Detailed analytics including completion rates, badges earned and more
- Receive badges, certificates and skills credits that motivate staff to pursue self-directed learning

ABOUT TYPSY

Typsy is an Australian online hospitality learning platform taking the world by storm. The company has more than 500 video lessons on its Netflix-style platform.

What's unique about Typsy is that whilst businesses can sign up and easily schedule training to staff, the platform is designed to encourage staff members with self-discovered learning. Skills credits, certificates and badges consolidate on a learner's profile and motivate them to continue to invest in developing their job skills.
