Careline Instant Hand Sanitiser (500mL)

Australian made gel-formulated instant hand sanitiser packaged in easy action plastic pump bottles. With more than 70% Ethanol composition, this product is well above international health standards. Added Aloe Vera leaves a fresher scent and more gentle finish.

Svavo Touchless Hand Sanitiser Dispenser

Hands-free dispenser comes with smart motion infrared sensor and drip tray for easy, no-mess dispensing. Minimalist design, 3 colour way (White/Grey/Black) and easy installation using 3M adhesive tape to walls. 600mL plastic bladder allowing for efficient refill of anti-bacterial disinfectant spray.

Soozal Ignite Hand Sanitising Spray (5L)

Australian made premium hand sanitising spray with 70% Ethanol to instantly kill germs without the need for soap or water. Rapid drying formula that leaves the hands soft, clean and without any sticky residue. This spray comes in 5L drums for efficient refilling of the Svavo Touchless Hand Sanitiser Dispenser.

Blisma Hospital Grade Disinfectant Antibacterial Wipes (75pcs/tub)

Multipurpose antibacterial wipes for effective disinfectant of a range of surfaces. Impregnated with 70% Isopropyl Alcohol these are ideal for use in a medical setting, commercial kitchens, the office or home. Fresh hygienic scent and will fit a wide range of dispensers.

Contactless Infrared Thermometer

Instantly check body temperature with a contactless infrared technology thermometer powered by 2 x AAA batteries. Large LED backlit display, temperature reading within 1 second and contactless readings makes this the most hygienic thermometer for frequent use.

Food-Grade Disposable Gloves (100 pack)

Vinyl gloves are perfect for a number of uses including food handling and general cleaning tasks. Gloves are powder free, food-safe and contain no latex so are suitable for sensitive skin. Available in S, M, L sizes.

3Ply Surgical Face Masks (50 pack)

3Ply disposable face masks provide 99% Bacterial Filtration Efficiency (BFE) protection against dust, fog, bacteria, pollution, pollen and infectious pathogens. Universal-sized fitting, latex-free, hypoallergenic and sterilized to ensure maximum comfort and breathability.

KN95 Face Mask

Advanced electrostatically charged filter reduces exposure to bacteria, viruses and potentially harmful airborne biological contaminants. Adjustable nose clip to help ensure a secure, custom seal. Soft interior foam, lightweight, disposable design.
